Chapter 1 by Ashley Ponce

My name is Britt and I am 17 years old. My life was cursed since the day i was born. Things never went right when it came to my family or myself. I was only four years old when CPS came to take my brothers and my sister from our home. I didn't know what was going on but, something told me that we were going to go through a lot of pain witch meant i had to grow up and not show any signs of weakness. I was the troubled child out of us five I guess maybe, when you stand up and an speak the truth and try to protect your family that makes you and evil child. While in foster care my younger sister Ashley was abused i was only four when it started but, that wasn't going to stop me from being brave form protecting what meant a great deal to me. A year went by, and finally we were taken out of are first foster home thankfully Mrs. Maggie was taken to prison and so was her daughter. My brothers Manuel and Eric were both put, in a foster home together and my sister and i were in different one together as for the fith kid he was on his own with his foster parents because, he was a infant.
